

Sutton Lane Closure

833

Tuesday 30th November to the Friday 3rd December

Between Tuesday 30th November and Friday 3rd December; Sutton Lane will be closed between Sutton-cum-Granby and Elton. This will require NottsBus 833 to divert via the A52. During this time we will only be able to serve Granby and Sutton on the anti-clockwise service (hourly from 08:40 to 16:40, then 17:30). Clockwise buses will operate direct between Elton and Barnstone and will not be able to serve either Sutton or Granby.

Passengers in Granby should use the regular stops at Old Forge Lane.

Sutton will be served on request only

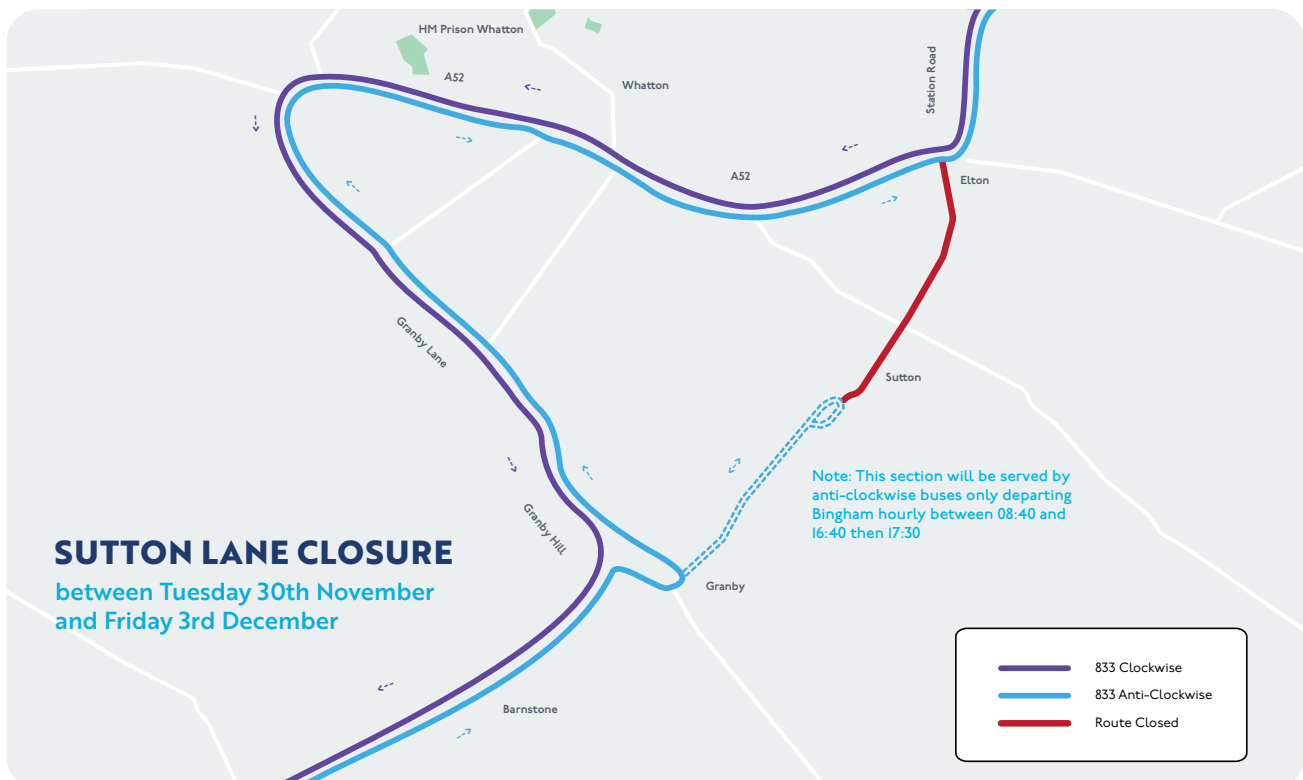

Passengers in Sutton wishing to travel towards Bingham should contact our Customer Service team on 0115 777 3187 at least 30 minutes before you wish to travel and we will arrange for the service to extend to Sutton village.

Passengers wishing to alight in Sutton should advise the driver when boarding.

Whilst there works are in place, there may be delays of around 5-10 minutes on 833 journeys.

We apologise in advance for any inconvenience this may cause.

Normal service should resume from Saturday 4th December.
